Dear All

The Government accepted the three MMDR recommendations to further review 'low risk' products (recommendations 14, 23 & 48).

On Friday 30 June, the consultation analysis for the "Options for the future regulation of 'low risk' products" was tabled at ERIC. (paper attached)

The next steps outlined in this paper is the development of specific policy proposals for the range of products considered.

Internal working groups are being established to facilitate the development of consolidated TGA positions for the specific policy proposals.

We are now looking at the next steps and need your help and expertise to develop the specific policy proposals.

Attached is a conversation starter for looking at the 'Other OTC and complementary medicines product types'
