

NOTICE OF FILING

This document was lodged electronically in the FEDERAL COURT OF AUSTRALIA (FCA) on 25/07/2022 2:46:37 PM AEST and has been accepted for filing under the Court's Rules. Details of filing follow and important additional information about these are set out below.

Details of Filing

Document Lodged:	Concise Statement
File Number:	NSD559/2022
File Title:	SECRETARY, DEPARTMENT OF HEALTH v VAPOR KINGS PTY LTD (ACN 615 112 877) & ANOR
Registry:	NEW SOUTH WALES REGISTRY - FEDERAL COURT OF AUSTRALIA

A handwritten signature in blue ink that reads "Sia Lagos".

Dated: 25/07/2022 3:52:10 PM AEST

Registrar

Important Information

As required by the Court's Rules, this Notice has been inserted as the first page of the document which has been accepted for electronic filing. It is now taken to be part of that document for the purposes of the proceeding in the Court and contains important information for all parties to that proceeding. It must be included in the document served on each of those parties.

The date and time of lodgment also shown above are the date and time that the document was received by the Court. Under the Court's Rules the date of filing of the document is the day it was lodged (if that is a business day for the Registry which accepts it and the document was received by 4.30 pm local time at that Registry) or otherwise the next working day for that Registry.

Form NCF1

Concise Statement

No. of 2022

Federal Court of Australia
District Registry: New South Wales
Division: General

Secretary, Department of Health

Applicant

Vapor Kings Pty Ltd (ACN 615 112 877) and another
Respondents

A. IMPORTANT FACTS GIVING RISE TO THE CLAIM

1. Vapor Kings Pty Ltd (ACN 615 112 877) (**First Respondent**):
 - a. is a corporation with its registered office in New South Wales, Australia; and
 - b. at all relevant times, operated a website located at the Universal Resource Locator (**URL**): <https://vaporkings.com.au/> (**AU Website**).
2. Mr Amir Kandakji (**Second Respondent**):
 - a. is a natural person who resides in New South Wales, Australia;
 - b. has been, since the First Respondent was registered on 30 September 2016, the sole director and shareholder of the First Respondent; and
 - c. at all relevant times, operated and controlled the AU Website and the website located at the URL: <https://vaporkings.co.uk/> (**UK Website**) (collectively, the **Websites**).
3. At various points in time, the Respondents have advertised or caused to be advertised goods being nicotine vaping products (**NVP**) on the Websites. A list of the NVP advertised on the Websites, by reference to the dates of advertising in each case, is set out in Annexure A to this Concise Statement (**Products**).
4. At various points in time from at least 24 November 2021 to 16 February 2022, the Respondents advertised or caused to be advertised, apparently for sale, Products on the AU Website.

Filed on behalf of (name & role of party)	Secretary, Department of Health (Applicant)
Prepared by (name of person/lawyer)	Michael Sullivan, Norton Rose Fulbright Australia
Law firm (if applicable)	Norton Rose Fulbright Australia (Attn: Michael Sullivan & Brendon Green)
Tel	02 9330 8483
Fax	
Email	michael.sullivan@nortonrosefulbright.com & brendon.green@nortonrosefulbright.com
Address for service	Norton Rose Fulbright Australia (Attn: Michael Sullivan & Brendon Green)
(include state and postcode)	Level 5, 60 Martin Place, Sydney, NSW, Australia

5. The advertisements for the Products on the AU Website were directed to Australian consumers and represented such Products as being available for purchase on a delivered basis to addresses within all States and Territories of Australia.
6. At various points in time from at least 16 February 2022 to 15 June 2022, the Respondents:
 - a. removed some advertisements for Products from the AU Website and redirected consumers to advertisements for Products on the UK Website when selecting 'E-liquid' on the AU Website;
 - b. continued to advertise or cause to be advertised Products on the AU Website; and
 - c. advertised or caused to be advertised, apparently for sale, Products on the UK Website.
7. The advertisements for the Products on the UK Website were directed to Australian consumers and represented such Products as being available for purchase on a delivered basis to addresses within all States and Territories of Australia.
8. At various points in time from at least 3 June 2022 to 15 June 2022:
 - a. the Websites were inaccessible; and
 - b. at other times, the Respondents continued to advertise or cause to be advertised, Products on the Websites (that is, when the Websites were accessible).
9. The Products are therapeutic goods within the meaning of s 3(1) of the *Therapeutic Goods Act 1989* (Cth) (**TG Act**) because they were represented to be, or were otherwise likely to be taken to be, for therapeutic use (as defined in s 3 of the TG Act), including for use in or in connection with:
 - a. ceasing, or substituting (either partially or fully) for, the consumption of and/or reliance upon tobacco products, for the prevention and/or alleviation of diseases, ailments, defects or injuries caused by use of tobacco products (such as various forms of cancer and cardiovascular disease); and/or
 - b. further or in the alternative, influencing, inhibiting and/or modifying physiological processes by the administration of nicotine, a substance with addictive, stimulatory and/or relaxant properties.

Nicotine vaping products

10. The Products advertised on the Website, being NVP, each fell into one of the following two categories:
 - a. liquid solutions commonly referred to as "e-liquids"; and
 - b. disposable "e-cigarettes" (also known as "electronic cigarettes") containing e-liquid.
11. As to the Products referred to in paragraph 10.a above, when such e-liquid Products are used in conjunction with e-cigarettes, which apply heat to and vaporise the e-liquid solution, the vaporised e-liquids are able to be inhaled through e-cigarettes by users.

12. As to the Products referred to in paragraph 10.b above, the Products themselves apply heat to and vaporise their own pre-filled e-liquid solution, which enables the vaporised e-liquids to be inhaled through those Products by users.
13. The advertisements for the Products refer to nicotine as set out in Annexure A. Nicotine was at all relevant times a substance included in Schedule 4 of the current Poisons Standard within the meaning of s 52A of the TG Act (**Poisons Standard**). Substances included in Schedule 4 of the current Poisons Standard are prescription-only substances and may only be supplied by or on the order of persons authorised to prescribe medicines under State or Territory legislation.
14. NVP may be prescribed in Australia to assist persons addicted to tobacco cigarettes or other tobacco products in ceasing the use of those products, thereby preventing the various diseases, ailments, defects and injuries (such as various forms of cancer) associated with tobacco use. NVP are also, in some cases, abused for recreational purposes.

Advertising of goods not included in the Australian Register of Therapeutic Goods and referring to substances included in Schedule 4 to the current Poisons Standard

15. At various points in time from at least 24 November 2021 to 15 June 2022, or as otherwise specified in Annexure A:
 - a. the First Respondent advertised or caused the Products to be advertised on the AU Website; and
 - b. the Second Respondent advertised or caused the Products to be advertised on the Websites,
 within the meaning of s 3(1) of the TG Act.
16. The Products were not at any relevant time entered in the Australian Register of Therapeutic Goods maintained by the Applicant pursuant to s 9A(1) of the TG Act (**Register**).
17. The Products were not at any relevant time the subject of an exemption, approval or authority under the TG Act, nor an exemption, approval or authority under regulations made under the TG Act. Consequently, the Products were at all relevant times prescribed by reg 7(i) of the *Therapeutic Goods Regulations 1990* (Cth) (**TG Regulations**) for the purposes of s 42DLB(9) of the TG Act, and the advertising of the Products contravened s 42DLB(1) of the TG Act, where s 42DLB(9) of the TG Act applied.
18. Additionally, as the advertisements for the Products referred to nicotine and/or Products containing nicotine, which is a substance included in Schedule 4 to the Poisons Standard but not in Appendix H of the Poisons Standard, such advertisements were unlawful. Those references to nicotine were not authorised or required by a government or government authority (not including a foreign government or foreign government authority). The advertising of the Products therefore contravened s 42DLB(1) of the TG Act where s 42DLB(7) of the TG Act applied.
19. The Second Respondent caused or permitted the conduct of the First Respondent set out at paragraphs 15 to 18. Alternatively, the Second Respondent knew of the matters set out in paragraphs

15 to 18 and aided, abetted, counselled or procured the conduct of the First Respondent alleged above.

B. SUMMARY OF RELIEF SOUGHT FROM THE COURT

20. The Applicant seeks the relief set out in the Originating Application, comprising:
- a. declarations under s 21 of the *Federal Court of Australia Act 1976* (Cth);
 - b. orders for final injunctive relief under s 42YN of the TG Act;
 - c. orders for pecuniary penalties under s 42Y of the TG Act; and
 - d. costs.

C. PRIMARY LEGAL GROUNDS FOR RELIEF SOUGHT

21. The conduct described above was done in the course of, or in preparation for, trade or commerce between Australia and a place outside Australia, among the States, or between a State and a Territory.
22. By the conduct described above, the Respondents contravened s 42DLB(1) of the TG Act because s 42DLB(9) applied. A contravention occurred, with respect to each of the Products, on each day that the Products were published and/or available to be accessed by consumers on the Websites.
23. By the conduct described above, as the advertisements for the Products referred to nicotine or Products containing nicotine, the Respondents further contravened s 42DLB(1) of the TG Act because s 42DLB(7) applied. A contravention occurred, with respect to each of the Products, on each day that the Products were published and/or available to be accessed by consumers on the Websites.
24. In the case of the Second Respondent, in the alternative to the above, the Second Respondent aided, abetted, counselled or procured the First Respondent's contraventions of s 42DLB(1) alleged above, and was therefore involved in those contraventions for the purposes of s 42YC of the TG Act.
25. Further, the Second Respondent contravened s 54B(3) of the TG Act as:
- a. the First Respondent contravened civil penalty provisions as described at paragraphs 22 to 23 above;
 - b. the Second Respondent, as the sole director and shareholder, was an "executive officer" of the First Respondent within the meaning of s 54B of the TG Act;
 - c. the Second Respondent knew of the contraventions (advertising) by the First Respondent described at paragraphs 15 to 18 above;
 - d. the Second Respondent, as sole director and shareholder of the First Respondent, was in a position to influence the conduct of the First Respondent in respect of such contraventions (advertising); and
 - e. the Second Respondent failed to take all reasonable steps to prevent the contraventions (advertising).

D. ALLEGED HARM

26. The risks associated with NVP vary depending on the composition of the relevant nicotine e-liquid solution. As the Products were advertised and supplied outside the TG Act framework, they were not subject to the appropriate regulatory controls required to ensure that they did not contain ingredients that presented an elevated risk to consumers and were otherwise suitable for prescription-based use for the purpose of smoking cessation.
27. Even NVP that do not contain ingredients that are specifically known to be harmful are associated with serious risks that should be managed by a patient in consultation with their medical practitioner. Those risks include poisoning, toxicity from inhalation (including seizures) and lung injury. The long-term health risks of NVP are still unclear and evidence of their potential efficacy for smoking cessation is currently mixed.
28. In some cases, users of NVP subsequently begin using tobacco products, such as tobacco (combustible) cigarettes, in circumstances where they have not been previously using tobacco cigarettes. Where this occurs, the user will be exposed to the serious adverse health effects that can be caused by such products, including cancer, cardiovascular disease and respiratory conditions. Tobacco use is a significant public health problem in Australia, and the promotion of NVP to persons not requiring those goods for smoking cessation may therefore increase the overall public health burden created by tobacco use.
29. Nicotine is highly addictive, and therefore presents a risk of abuse for recreational purposes. Recreational users of NVP are likely to become addicted to nicotine. Persons addicted to nicotine have considerable difficulty ceasing the use of nicotine products if they attempt to do so and are exposed to the health risks referred to above.
30. Due to these risks, the nicotine in NVP is included in Schedule 4 to the current Poisons Standard as a prescription-only substance and is not included in Appendix H to the current Poisons Standard as a substance that is permitted to be advertised. As a result, the advertising of NVP is prohibited by the TG Act. This prohibition is intended to ensure that patients decide whether to use prescription-only medicines such as NVP based on information from trusted sources such as their medical practitioner, rather than from commercial advertising.
31. The prohibition on the advertising of products that are not entered in the Register and not otherwise subject to an exemption, approval or authority is intended to prevent the promotion of goods posing these kinds of risks to patients or consumers, and thereby reduce unsafe consumer use of such goods.
32. The Websites advertised the Products to the public at large. While viewers were asked to self-certify that they were over 18 years of age, there were no meaningful measures in place to prevent the purchase and abuse of the NVP advertised and apparently sold through the Websites for recreational purposes, including by children. The nature of the Products advertised on the Websites, and in particular their high concentration of nicotine, brightly coloured presentation and range of flavours, had the potential to encourage purchase and/or abuse for recreational purposes, including by children and young people.

Certificate of lawyer

I, Michael Sullivan of Norton Rose Fulbright Australia, certify to the Court that, in relation to the Concise Statement filed on behalf of the Applicant, the factual and legal material available to me at present provides a proper basis for each allegation in the pleading.

Date: 25 July 2022

A handwritten signature in black ink, appearing to read 'Michael Sullivan', is written above a horizontal line.
