Hi Pasha

Apologies for the delayed response. For various reasons I don't think it is appropriate for me to take carriage of these steps. Can I suggest it would be best coordinated by Aimee/Karen on behalf of Jane as the decision maker.

Thanks

Mark

Dear Mark

Many thanks again for [s42](#)  
[s22](#)  
[s22](#) Please find **attached** the final version of the repeal instrument in both word document and pdf formats.

As you know, Dr Jane Cook made both the Order and the repeal instrument on Friday afternoon. The Order has now been registered on the Federal Register of Legislation and can be found [here](#).

We would appreciate if you could please arrange for the **pdf version** of the repeal instrument to be published (along with the further instructions below) on **both**:

- the [Orders that goods are therapeutic goods](#) page of the TGA website, under a new "2019" heading; and
- the [Excluded goods orders](#) page of the TGA website, under the existing "Therapeutic Goods (Excluded Goods) orders" heading.

It is our preference that the Web Publishing team publish a PDF version of the instrument (without signature) on the website (which we understand that the team is happy to produce from the Word version). Accordingly I would be grateful if you could please use the word and PDF versions of the **unsigned** instrument that are attached to this email for the purposes of your records and for publication.

Kind regards

Pasha
