Dear s22

The TGA has completed the testing of Sabah Brand Miracle Energy Coffee 20g/sachet, batch number 74790625. The sample was obtained from the Government of the Solomon Islands on 27 November 2025. Please find attached the statement of Results (Attachment 1)

The test methods applied were High performance liquid chromatography mass spectrometry (LCMS) and Ultra performance liquid chromatography / photodiode array detector (UPLC/PDA). Tadalafil was identified in the sample.

Acknowledgment of the receipt of the attached certificates, by reply email, would be greatly appreciated. The invoice for payment will be provided shortly.

Please also find attached the *External Testing Customer Satisfaction Survey* (Attachment 2). It would be appreciated if you could take a few minutes to complete this survey so we can review your opinion of the service we have provided and identify areas for improvement. Please return the completed survey to TGA.Laboratories@health.gov.au.

Please contact us if you require any additional information.

Regards,
