# Advisory Committee on Vaccines

**Meeting Statement 28 – Wednesday 22 December 2021**

## **Section A: Submissions for registration**

The committee provided advice on one application for an extension of indication for a vaccine with provisional registration.

Further details of the ACV discussion and advice associated with these pre-market items may be released within the Australian Public Assessment Report (AusPAR). Please note that there is a delay between when an application is considered by the ACV and the publication of the AusPAR. To browse all AusPARs see [AusPAR search](#).

## **Section B: Safety**

The committee was not asked to provide advice on any safety matter.
