Advisory Committee on Vaccines

Meeting Statement 9 – Wednesday 1 August 2018

Section A: Submissions for registration

The committee's advice was sought on one application seeking to make changes to the Product Information for the vaccine.

Further details of the ACV discussion and advice associated with this pre-market item may be released within the Australian Public Assessment Report (AusPAR). Please note that there is a delay between when an application is considered by the ACV and the publication of the AusPAR. To browse all AusPARs see [AusPAR search](#).

Section B: Safety

No item was on the agenda seeking the committee's advice on safety or pharmacovigilance issues.

Section C: Immunisation programs

No item was on the agenda seeking the committee's advice on the immunisation programs.
