

This form, when completed, will be classified as 'For official use only'.
For guidance on how your information will be treated by the TGA see: [Treatment of information provided](https://www.tga.gov.au/treatment-information-provided-tga) to the TGA at
<<https://www.tga.gov.au/treatment-information-provided-tga>>.

Module 1.2.1: Application form to register or vary the registration of prescription medicines

Category 1 and Comparable Overseas Regulator (COR) report-based applications in the CTD format

This form must be used for the following Category 1 and COR report-based prescription medicines applications or variations where the dossier includes nonclinical, clinical or bioequivalence data¹ including applications for provisional registration with the exception of applications for new prescription medicines, new combinations or extensions of indication.

- extension of indications [C]
- major variation (new dosage form, change/increase in patient group, change in dosage (e.g. dosage amount, frequency of use or dose regimen), new strength, new route of administration) [F]
- change in formulation [G]
- change in container type (disregarding container size) [G]
- other variation (requiring evaluation of clinical, nonclinical, or bioequivalence data) [H]
- variation to Register entry resulting in a change of product information requiring evaluation of clinical, nonclinical, or bioequivalence data [J]
- extension of provisional registration [T]
- transition of provisional registration to full registration [S]

For all other Category 1 and COR report-based applications please use [TGA Business Services](#) (TBS).

¹ See [Minor variations to prescription medicines](#) if the variation does not include such data

Notice to Applicants

Complete the form as per the instructions, noting that the form is divided into three parts:

Part	
A - Applicant details	Complete one part A for each submission
B - Submission details	Complete one part B for each submission
C - Product details	Complete a separate copy of part C for each product in the submission. For part C composite packs, complete the information on pages 7-11, the manufacturing, shelf life and storage conditions etc. for the composite pack on pages 13-15, and then complete pages 16 to 19 for each component.

If you are submitting a COR report-based application, you must also submit the COR application checklist for each submission.

Please note:

- The information recorded should reflect the new ARTG record, not what is currently recorded in the Australian Register of Therapeutic Goods (ARTG) for the medicine
- Where a manufacturing site is being ceased, it should be included in part C with the annotation 'to be ceased'
- Where the information requested within part C is not changing the relevant sections may be crossed through with the comment 'not applicable'
- Details on the form after the label name field in part C do not need to be completed if there are no changes to the ARTG database record (for example, change in patient group, change to active ingredient manufacturing process)

If there is insufficient room in any field/section on this application form:

- enter 'see attached' in the field
- attach a separate page with the full details

Include the completed application form (Parts A, B and C and COR checklist, if relevant) in Module 1.2.1 of the CTD.

Part A Applicant details

Product (trade) name	
Applicant (sponsor) name	
TBS client ID	
Postal address	
Address for correspondence	

	Primary contact	Secondary contact
Contact person		
Position (<i>e.g. regulatory affairs officer, agent</i>)		
Telephone number		
Mobile number (optional)		
Fax number		
Email address		

Provide the following information if you are submitting this application on behalf of the applicant

Agent name	
TBS client ID	
Postal address	

I have attached a completed Agent Authorisation form

Part B Submission details

Description of submission	
Is this a Category 1 application?	Y <input type="checkbox"/> N <input type="checkbox"/>
Is this a COR report-based application? <i>If yes, provide the completed COR report-based checklist in Module 1.2.1.</i> <i>Submit all relevant COR documentation in Module 1.11.4.</i>	Y <input type="checkbox"/> N <input type="checkbox"/>
Does this submission depend on the outcome of, or relate to, any other submission currently under evaluation by the TGA? <i>If yes, provide related submission ID/s (in the format PM-20xx-xxxxx-x-x)</i>	Y <input type="checkbox"/> N <input type="checkbox"/> PM-20
Is there one or more overseas manufacturer of the goods for which GMP clearance from the TGA have NOT yet been obtained, or requested, to establish that the overseas manufacturers of the goods are of an acceptable standard?	Y <input type="checkbox"/> N <input type="checkbox"/>
Is this a literature based (bibliographic) submission? <i>If yes, provide details in Module 1.5.1.</i>	Y <input type="checkbox"/> N <input type="checkbox"/>
Is an orphan drug designation in force for the proposed medicine and indication? <i>If yes, provide a copy of the TGA letter approving the designation in Module 1.5.2.</i>	Y <input type="checkbox"/> N <input type="checkbox"/>
List the ARTG numbers that are intended to be changed and identify the type of application you are lodging ² More than one may apply: Is this application for provisional registration? (including changes to an existing provisionally registered medicine Is the application for standard registration? Is the application for both standard and provisional registration?	 Y <input type="checkbox"/> N <input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/> Y <input type="checkbox"/> N <input type="checkbox"/>
Is a provisional determination in force for this medicinal product [required for application types A, B and C]	Y <input type="checkbox"/> N <input type="checkbox"/>
Is a priority review determination in force for this medicinal product? <i>If yes, provide a copy of the TGA letter approving the determination in Module 1.5.2.</i>	Y <input type="checkbox"/> N <input type="checkbox"/>
Are all ingredients within the formulation included in the TBS Ingredients database?	Y <input type="checkbox"/> N <input type="checkbox"/>

² Please ensure that all ARTG entries that are related to the Product Information are covered by the application form.

<p>Does this product contain or consist of genetically modified organisms? <i>If yes, provide a copy of any OGTR licence, acknowledgement of receipt, or other record of consent from OGTR in Module 1.5.3.</i></p>	<p>Y <input type="checkbox"/> N <input type="checkbox"/></p>
<p>Has the product been manufactured using a human embryo or human embryonic stem cell, or other material sourced from a human embryo or human embryonic stem cell? (see Regulation 9B of the Therapeutic Goods Regulations 1990).</p>	<p>Y <input type="checkbox"/> N <input type="checkbox"/></p>
<p>Does the submission make reference to a Drug Master File (DMF) or a Plasma Master File (PMF) or to a European Directorate for the Quality of Medicines (EDQM) Certificate of Suitability (CEP)? <i>If yes, provide applicable documentation in Module 1.6.</i></p>	<p>Y <input type="checkbox"/> N <input type="checkbox"/></p>
<p>Have pre-submission meetings or other pre-submission discussions with the TGA been held concerning this application? <i>If yes, provide details in Module 1.7.1.</i></p>	<p>Y <input type="checkbox"/> N <input type="checkbox"/></p>
<p>Does the submission include a Risk Management Plan? <i>If yes, provide an appropriate RMP and Australian specific Annex in Module 1.8.2.</i></p>	<p>Y <input type="checkbox"/> N <input type="checkbox"/></p>
<p>Does the submission include individual patient data?</p>	<p>Y <input type="checkbox"/> N <input type="checkbox"/></p>
<p>If not already included in the submission, does the applicant undertake to provide to TGA Individual Patient Data in the format that would be acceptable for submission in the EU or the USA within 15 working days of a request? Identify any clinical studies for which individual patient data are not available in the cover letter (Module 1.0.1).</p>	<p>Y <input type="checkbox"/> N <input type="checkbox"/></p>
<p>Does the submission include bioavailability/bioequivalence information? <i>If yes, provide a summary of bioavailability/bioequivalence study/studies or justification for not providing biopharmaceutic studies, including references, in Module 1.9.</i></p>	<p>Y <input type="checkbox"/> N <input type="checkbox"/></p>
<p>Are there paediatric formulations for this product or have paediatric data been submitted?</p>	<p>Y <input type="checkbox"/> N <input type="checkbox"/></p>
<p>If there are no paediatric formulations for this product or paediatric data have not been submitted, is there a formal justification as to why the product is not appropriate for use in children (Module 2)?</p>	<p>Y <input type="checkbox"/> N <input type="checkbox"/></p>
<p>Is the CMI in the new format? Required for newly registered medicines and for applications that result in a new register entry (e.g. extension of indication, major variation). All previously registered medicines will be required to adopt the new format by 30 December 2025.</p>	<p>Y <input type="checkbox"/> N <input type="checkbox"/></p>

Sponsor Declaration

Sponsors should note that the Therapeutic Goods Act 1989 provides penalties for making statements that are false or misleading in connection with an application for registration of therapeutic goods.

I acknowledge that the *Therapeutic Goods Act 1989* provides for offences and penalties for making statements that are false or misleading in connection with an application for registration or variation of therapeutic goods.

I apply to register, or vary the entry in the ARTG for the goods described in this submission and declare that the information provided in this form, including the COR-A and COR-B application checklist, and in the submission is, to the best of my knowledge, current and correct.

To the best of my knowledge, I certify that this submission is accompanied by such information and in the required format to allow the determination of the application (that is, complies with the current *Australian Regulatory Guidelines for Prescription Medicines (ARGPM)* for preparing applications to register medicinal products and any associated or supplementary guidelines).

Proposed indications

Is this an application for a new chemical/biological entity, new fixed combination, similar biological medicine or new generic medicine?
If yes, provide the proposed indication(s) below.

Y N

If no, is there a change to indication(s) included in the application?
If there is a change to indication(s), provide the proposed indication(s) below.

Y N

Currently approved indications

Provide currently approved indication(s) below. For a new generic medicine or a similar biological medicine, provide the approved indication(s) of the reference product in Australia.

Applications must have been submitted (draft status is not acceptable).

Note: All Australian manufacturers involved in the manufacture of the product should be entered.

For priority review and COR report-based applications:

- Provide the approved Good Manufacturing Practice (GMP) clearance or licence tracking number for all manufacturing sites relevant to the application; or
- Demonstrate that you have applied to obtain GMP approval for all manufacturing sites and provided the required supporting evidence with the GMP clearance, certification or licence application. We will 'verify' that your GMP application is effective (i.e. confirm that you have paid the required GMP application fees and all of the required evidence to support the GMP application for all relevant manufacturing sites has been lodged in support of the application) as part of the dossier acceptance process.
