P. Cesarin

Dear Mr Slater

I am writing the proposed deregulation of low-SPF sunscreens/moisturisers.

This has been brought to my attention by the Ego Pharmaceuticals people, for which I am grateful. These things otherwise sneak through without busy clinicians having the opportunity to comment. My concern and my question to you, is just how these products are going to be regulated, to ensure that the sunscreen content does not exceed SPF 20?

Yours sincerely

DAVID LESLIE

A handwritten signature in black ink, appearing to be "David Leslie".
