

## PROPOSED AMENDMENTS TO POISONS STANDARD

### TGA Consultation

#### Comments by The Pharmacy Guild of Australia in response to the discussion paper on:

#### **“Regulatory options for appropriate access and safety controls for alkyl nitrites”**

The Guild notes that the Delegate’s interim decision published on the 10 September 2018<sup>1</sup> was to delete the Schedule 4 entries and include them in Schedule 9 as well as to amend the Appendix A entry to clarify its intention.

Taking note of the reasons considered relevant by the Delegate under subsection 52E (1) of the *Therapeutic Goods Act 1989* we agree that this was the appropriate decision.
