TGA Health Safety Regulation

About the Therapeutic Goods Administration (TGA)

- The TGA is a division of the Australian Government Department of Health and Ageing, and is responsible for regulating medicines and medical devices.
- TGA administers the *Therapeutic Goods Act 1989* (the Act), applying a risk management approach designed to ensure therapeutic goods supplied in Australia meet acceptable standards of quality, safety and efficacy (performance), when necessary.
- The work of the TGA is based on applying scientific and clinical expertise to decision-making, to ensure that the benefits to consumers outweigh any risks associated with the use of medicines and medical devices.
- The TGA relies on the public, healthcare professionals and industry to report problems with medicines or medical devices. TGA investigates reports received by it to determine any necessary regulatory action.
- To report a problem with a medicine or medical device, please see the information on the TGA website.

TABLE OF CONTENTS

BLOCK 1

1.1 INTRODUCTION 1

1.2 PARALLEL IMPORTING - 'UNAUTHORISED' DISTRIBUTORS 7

1.3 PERSONAL IMPORTATION & DIRECT MARKETING 7

1.4 QUARANTINE REQUIREMENTS - AQIS 8
AQIS Requirements 9

1.5 EXPORT OF THERAPEUTIC DEVICES 10
Export Only Products 10
Export Certification Scheme 10

1.6 POSTMARKET COMPLIANCE PROGRAMS 12
Incident Reporting Scheme 12
Compliance Testing 12
Overseas Regulatory Action 12
Post Market Audit Programs 12

1.7 RECALLS 14

1.8 APPLICATION PROCEDURES 15
Therapeutic Devices Application Form 15
Enterprise Details Form 15
Claims for exemption from registration for clinical trial purposes 16
Evaluation of Grandfathered Devices 16
Registrable Device Applications 17
Listable Device Applications 19

1.9 REDUCING ANNUAL CHARGES 20
Grouping 20

1.10 CHANGES OR VARIATIONS TO DEVICES IN THE ARTG 21
Is notification of prior approval required? 21
Charnge in status of devices in the ARTG 21
TGA Business Rules 21

1.11 FEES AND CHARGES 23

1.12 CONFIDENTIALITY 23

1.13 RELEASE OF INFORMATION FROM THE ARTG 24

1.14 ADVERTISING / PROMOTION 25

1.15 THERAPEUTIC GOODS ORDERS (TGO) & STANDARDS 26

1.16 PYROGEN / ENDOTOXIN FREE DEVICES 27

1.17 ELECTRICAL SAFETY 29
Group 1 Compliance Requirements 29
Group 2 Compliance Requirements 29
Electromagnetic Compatibility Requirements 31
Compliance File 32

1.18 MUTUAL RECOGNITION AGREEMENT (MRA) WITH EUROPE 33
How The Agreement Will Work 33
Requirements for the ARTG 34
Conformity Assessment of Medical Devices 34

1.19 GOOD MANUFACTURING PRACTICE 35

1.20 REJECTION OF AN APPLICATION 39

1.21 APPEALS AGAINST DECISIONS 40

1.22 ENFORCEMENT 40

1.23 PENALTIES AND CANCELLATIONS 41

1.24 ACCESS TO UNAPPROVED DEVICES
CLINICAL TRIALS & SPECIAL ACCESS SCHEMES (SAS) 43
Clinical Trial Exemption Scheme (CTE) 45
Clinical Trial Notification Scheme (CTN) 47
Special Access Schemes 48
Individual Patient Use (IPU) 48
Authorised User Access (AUA) 50

BLOCK 2 -REGISTRABLE DEVICES

2.1 INFORMATION APPLICABLE TO ALL REGISTRABLE DEVICES 53
Evaluation Fee Structure 53
Design / Materials / Testing 53
Manufacture/Quality Control/Sterility 54
Biocompatibility/Preclinical 54
Human Clinical Data 54
Low Level Evaluation Fee 54
Format of Registered Device Submissions 54
General Details 54
Risk analysis 55
Table of Equivalence 55
Commercial History, Regulatory Actions and Regulatory Status 55
Good Manufacturing Practice 56
Reporting Conditions 56
Postmarket Surveillance 56
Samples 56
Quarantine 56
Design / Materials / Testing 57
Design and Construction 57
Materials 57
Labelling 57
Packaging 57
Product Information / Instructions for use / Promotional Material 58
Manufacturing / Quality Control / Sterilty 58
Manufacturing Process 58
Quality Control 58
Sterilty 58
Biocompatability / Preclinical 59
Biological Safety and Biocompatability Testing 59
Preclinical Studies 59
Human Clinical Data 59
Submission Content Style 59
Application Checklist 61

2.2 GROUPING OF REGISTRABLE DEVICES 62

2.3 EQUIVALENCE - ABRIDGED SUBMISSIONS 63
Sponsors who are not manufacturers 63
Modification of a Registered Device or a New Device 64

2.4 OVERSEAS EVALUATIONS 65
Approvals from Overseas Regulatory Agencies 65
US FDA Approvals 65
EU Approval (CE mark) B Regstrable Device Applications 65
EU Approval (CE mark) B Listable Device Applications 66
Overseas approvals which can be used to abridge evaluations 67

2.5 RISK ANALYSIS 73

2.6 STERILITY 74

2.7 BIOLOGICAL SAFETY AND BIOCOMPATIBILITY TESTING 78

2.8 HUMAN CLINICAL DATA 81

HIGH LEVEL REGISTRABLE DEVICES **83**

2.9 ACTIVE IMPLANTABLE MEDICAL DEVICES (AIMD) **85**
General Details 86
Risk Analysis 86
Table of Equivalence 86
Commercial and Regulatory History 87
Good Manufacturing Practice 87
Reporting Conditions 87
Postmarket Surveillance 87
Samples 87
Labelling 87
Design / Construction 88
Materials 88
Testing 89
Qualification Testing 89
For Leads and Implantable Accessories: 90
For Implantable Drug Infusion Pumps 90
Manufacturing 91
For Leads and Implantable Accessories: 91
Quality Control 91
Sterility 91
Biological Safety and Biocompatibility 91
For Leads and Implantable Accessories: 91
Preclinical Studies 91

2.10 ANIMAL ORIGIN DEVICES **94**
General Details 94
Risk Analysis 94
Table of Equivalence 94
Commercial and Regulatory History 94
Good Manufacturing Practice 94
Reporting Conditions 95
Postmarket Surveillance 95
Samples 95
Quarantine 95
Manufacturing 95
Source Materials and Risk of Infectivity 95
Virus Control 95
Control of Agents Causing Spongiform Encephalopathies 97
Biological Safety and Biocompatibility Testing 98
Testing - Stability Testing and Shelf Life 98

2.11 BREAST PROSTHESES (NOT SALINE OR WATER) **101**
General Details 101
Risk Analysis 101
Table of Equivalence 101
Commercial and Regulatory History 101
Good Manufacturing Practice 101
Reporting Conditions 101
Postmarket Surveillance 101
Samples 101
Design / Construction 102
Materials 102
Product Information / Instructions for Use / Promotional Material 102
Manufacturing - Validation Testing 102
Biological Safety and Biocompatibility Testing 103
Human Clinical Datal 103

2.12 DRUG INFUSION SYSTEMS (POWERED) 106
General Details 106
Risk Analysis 106
Table of Equivalence 107
Commercial and Regulatory History 107
Good Manufacturing Practice 107
Reporting Conditions 107
Postmarket Surveillance 107
Samples 107
Design and Construction 108
Materials 109
Labelling 109
Packaging 109
Product Information / Instructions for Use / Promotional Material 109
Testing - Qualification Testing - Verification 110
Electrical Safety Testing 110
Electromagnetic Compatibility 110
Human Clinical Data 110
2.13 EXTRACORPOREAL THERAPY SYSTEMS 113
General Details 113
Risk Analysis 113
Table of Equivalence 113
Commercial and Regulatory History 113
Good Manufacturing Practice 113
Reporting Conditions 114
Postmarket Surveillance 114
Samples 114
Design / Construction 114
Labelling 114
Sterility 114
Biological Safety and Biocompatibility Testing 114
Human Clinical Data 115
2.14 HEART VALVE PROSTHESES 116
General Details 118
Risk Analysis 118
Table of Equivalence 118
Commercial and Regulatory History 119
Good Manufacturing Practice 119
Reporting Conditions 119
Postmarket Surveillance 119
Samples 120
Design - Additional Requirements 120
Materials - Component Materials 120
Packaging - Shelf Life and Storage Conditions 121
Product Information / Instructions for Use / Promotional Material 122
Testing - Mechanical Testing and Analysis 122
Valved Conduits 125
Manufacturing Process 125
Sterility 126
Preclinical *in vivo* 127
Anticalcification Treatment Studies 127
Human Clinical Data 128
2.15 HUMAN ORIGIN DEVICES 131
General Details 132
Risk Analysis 132
Table of Equivalence 132
Commercial and Regulatory History 132
Good Manufacturing Practice 132

Reporting Conditions 132
Postmarket Surveillance 133
Samples 133
Quarantine 133
Labelling 133
Product Information / Instructions for Use / Promotional Material 133
Manufacturing 134
Source Materials And Risk of Infectivity - 134
Biological Safety and Biocompatibility Testing 135
Stability Testing and Shelf Life 135
Additional Requirements for Tissues of CNS or Ophthalmic Origin 136
2.16 INTRAOCULAR LENSES (IOL) - REGISTRABLE 139
General Details 139
Risk Analysis 139
Table of Equivalence 139
Commercial and Regulatory History 140
Good Manufacturing Practice 140
Reporting Conditions 140
Postmarket Surveillance 140
Samples 140
Design / Construction 140
Product Information / Instructions for Use / Promotional Material 141
Testing - Mechanical Data 141
Manufacturing Process 142
Biological Safety and Biocompatibility Testing 142
Preclinical 142
Human Clinical Data 143
IOLs Not Requiring Clinical Data 144
Minor Modification Parameters 144
2.17 INTRAOCULAR VISCOELASTIC FLUIDS (IOF) 148
General Details 148
Risk Analysis 148
Table of Equivalence 148
Commercial and Regulatory History 148
Good Manufacturing Practice 148
Reporting Conditions 149
Postmarket Surveillance 149
Samples 149
Biological Safety/Biocompatibility Testing 149
Human Clinical Data 149
2.18 INTRAUTERINE CONTRACEPTIVE DEVICES (IUCD) 152
General Details 152
Risk Analysis 152
Table of Equivalence 152
Commercial and Regulatory History 152
Good Manufacturing Practice 152
Reporting Conditions 152
Postmarket Surveillance 152
Samples 152
Design / Construction 153
Labelling 153
Product Information / Instructions for Use / Promotional Material 153
Testing 154
Manufacturing Process 154

LOW LEVEL REGISTRABLE DEVICES 157
2.19 BARRIER CONTRACEPTIVE DEVICES 158
General Details 158
Risk Analysis 158
Commercial and Regulatory History 158
Good Manufacturing Practice 158
Reporting Conditions 158
Postmarket Surveillance 158
Samples 158
Design / Construction 158
Labelling 159
Product Information / Instructions for Use / Promotional Material 159
Testing - Chemical and Mechanical Properties 159
Biological Safety / Biocompatibility Testing - Stability 159
Toxicity 160
Barrier Properties to Sexually Transmitted Pathogens 160
Human Clinical Data 160
2.20 BREAST PROSTHESES (SALINE) 163
General Details 163
Risk Analysis 163
Table of Equivalence 163
Commercial and Regulatory History 163
Good Manufacturing Practice 163
Reporting Conditions 163
Postmarket Surveillance 163
Samples 164
Design / Construction 164
Testing - Integrity of the Shell Material 164
Testing - Integrity of the Valve 164
Biological Safety and Biocompatibility Testing 164
Human Clinical Data 165
2.21 DISINFECTANTS AND STERILANTS 167
2.22 HIV/HCV IN VITRO DIAGNOSTIC KITS 169
Conditions of Registration 169
Use of Unapproved HIV/HCV Test Kits 170
Changes to Products 170
General Details 171
Risk Analysis 171

Shelf Life 173
Product Information / Instructions for Use / Promotional Material 173
Manufacturing 174
Antigen/Antibody/Primer(s) Reagents 174
Control Serum Reagents 175
Quality Control Tests 175

BLOCK 3 - LISTABLE DEVICES

3.1 INFORMATION APPLICABLE TO ALL LISTABLE DEVICES 177
Information to be Supplied for Listing 177
Enterprise Details Form 178
Application Form 178
Product Details 178
Promotional Material/Instructions for use/Product Information 178
Labelling Evidence 179
Standard & Specific Device Conditions 179
Variations or Changes to Existing Listings 179
Licencing / GMP Evidence 180
Test Certificates 180

3.2 GROUPING OF LISTABLE DEVICES 182
What is a separate and distinct listable device product? 183

SPECIFIC LISTABLE DEVICE POLICIES 184

3.3 ANIMAL DERIVATIVES CONTAINED IN LISTABLE DEVICES 185
Gelatin-containing Devices 185
3.4 BANDAGES, DRESSINGS AND ALLIED PRODUCTS 186
Group 1 - Goods To Be Supplied Sterile 186
Group 2 - Goods Required To Be 'Clean' (Supplied Non-Sterile) 187
Group 3 - Other Products 189
Group 4 - Related Products Not Required To Be Listed 189
Site Information File 190
3.5 BARIUM LIME 194
What to Submit for Listing 194
Specific Conditions 194
Test Certificates 194
3.6 BLOOD BAGS 195
What to Submit for Listing 195
Differentiating Between Blood Bag Products 195
Grouping Blood Bags 195
3.7 CATHETERS (URETHRAL) 196
What to Submit for Listing 196
Specific Conditions 196
Batch Size 196
Test Certificates 197
3.8 CONDOMS (CONTRACEPTIVE, RUBBER) 198
What to Submit for Listing 198
Test Certificates 198
Condoms which Contain a Spermicide or Similar Agent 199
Condoms in Novelty Packaging 199
Novelty Products 199
Monitoring for Compliance with the Standard by the TGA 200
3.9 CONTACT LENSES & CONTACT LENS CARE PRODUCTS 202
What to Submit for Listing 202
How Products/Actions Are Categorised 202
Contact Lenses 203
Contact Lens Care Products 203
3.10 CONTRAST MEDIA INJECTORS (POWERED) 204
What to Submit for Listing 204
Specific Conditions 204

3.11 DENTAL PRODUCTS 205
Products Required to be Listed 205
What to Submit for Listing 205
Dental Products Subject to Standards 205
3.12 DENTAL RESTORATIVE MATERIALS 206
What to Submit for Listing 206
Specific Conditions 206
Test Certificates 206
Labelling 207
GMP 207
Types and Presentations of Dental Restorative Materials 207
3.13 DEVICES FOR PEOPLE WITH DISABILITIES 209
Exempt Goods 209
Excluded Goods 209
Examples of Exempt or Excluded Goods 209
3.14 DIAPHRAGMS - CONTRACEPTIVE 211
What to Submit For Listing 211
Specific Conditions 211
3.15 DISINFECTANTS 212
3.16 DRUG INFUSION INJECTORS 213
What to Submit for Listing 213
3.17 DUCTED AND WIRED SYSTEMS 214
Electrical Systems 214
Medical Gases 214
Aspiration Systems 214
Dialysis Systems 214
3.18 ENDOSCOPES AND ENDOSCOPIC ACCESSORIES 215
What to Submit for Listing 215
Kits 215
Labels 215
GMP 216
Grouping 216
Other requirements 216
3.19 GLOVES (EXAMINATION, SURGICAL) 217
What to Submit for Listing 217
Labelling Requirements 217
General Requirements 218
Examination Gloves 218
Presumption of single use 218
Surgeons Gloves 218
Sterile Gloves 218
Specific Conditions 218
Test Certificate 218
3.20 HEARING AND SPEECH AIDS 220
What to Submit for Listing 220
Electromagnetic Compatability Requirements 221
3.21 IN VITRO DIAGNOSTICS [IVDS] - LISTABLE 222
Diagnostic instruments and equipment 222
Diagnostic test kits 222
Antimicrobial test discs 222
What to Submit for Listing 223
Good Manufacturing Practice 223
Specific Conditions 223
Quarantine 224
Drugs of Dependence 224
Grouping of Listable IVD'S 225

3.22 NEEDLELESS INJECTORS 226
What to Submit for Listing 226
Labels 226
3.23 INSULIN SYRINGES 227
What to Submit for Listing 227
Specific Conditions 227
Test Certificates 227
3.24 INTRAOCULAR LENSES (IOL) - LISTABLE 228
IOL's to Which Items 13 and 14 of the Regulations Apply 228
What to Submit for Listing 229
Change in Haptic Configuration, Design or Calibre 229
Comparison to a Single Approved Lens 229
Comparison to Multiple Approved Models 233
Remaining Tests 235
3.25 KITS - THERAPEUTIC DEVICES ASSEMBLED AS KITS 236
Definitions 236
Rules 236
ARTG Procedures 239
3.26 ORAL HYGIENE PRODUCTS 240
Items Declared Not to be Therapeutic Goods 240
Items Regarded as Therapeutic Goods. 241
What to Submit for Listing 241
Advertising Claims 241
3.27 PENILE IMPLANTS - INFLATABLE 243
What to Submit for Listing 243
Specific Conditions 243
3.28 PODIATRY 244
What to Submit for Listing 244
3.29 SODA LIME 245
What to Submit for Listing 245
Specific Conditions 245
Test Certificates 245
3.30 SUTURES AND LIGATURES (ABSORBABLE & NON-ABSORBABLE) 246
What to Submit for Listing 246
Specific Conditions 246
Test Certificates 246
Related Products 247
3.31 TAMPONS - MENSTRUAL 248
What to Submit for Listing 248
Packaging, Labelling and Product Information 248
Checklist for Labelling of Tampons 248
Primary Packs 249
Supply Packs 249
Transport Pack 250
Manufacturing Details 250
