

ENFORCEABLE UNDERTAKING

given to the Secretary of the Australian Government Department of Health
for the purposes of section 42YL of the *Therapeutic Goods Act 1989*

by

Chemforce Pty Ltd (ACN 623 724 372)

Persons and authority

1. This undertaking is given to the Secretary of the Australian Government Department of Health by Chemforce Pty Ltd (ACN 623 724 372) of 47 Lofberg Road, West Pymble, New South Wales 2073 (**Chemforce**) for the purposes of section 42YL of the *Therapeutic Goods Act 1989* (the **Act**).

Background

2. The Therapeutic Goods Administration (the **TGA**) is a part of the Australian Government Department of Health (**Department**), and is responsible for the national regulation of therapeutic goods including medicines, biologicals and medical devices.
3. The TGA has found that Chemforce operates a business that advertised or caused the advertising of 'RibaMin' (the **Product**) to persons in Australia electronically at the Uniform Resource Locator (**URL**) www.chemforce.com.au (the **Website**).
4. The advertisement on the Website included claims to the effect that the Product was '*a specific combination of known, tested FDA approved drugs that provides a unique SET of properties with sufficient potency to attack the virus, protect the necessary cells and systems in the body and provide symptomatic relief*'. The advertisement further claimed that the Product was an '*effective treatment for COVID-19 virus*' and that it is '*safe*'.
5. The TGA notes that Chemforce's stated intention in advertising the Product (as stated on the Website and in subsequent correspondence) was to assist it in finding an investor to perform a clinical trial with respect to the Product, and that Chemforce removed the advertisement on the Website after being alerted by the TGA that it was unlawful. Chemforce has voluntarily entered into this undertaking to provide the TGA with assurance as to Chemforce's ongoing compliance with the Act.

Relevant law

6. Section 42DLB(1) of the Act is a civil penalty provision. A person contravenes subsection 42DLB(1) of the Act if they advertise, or cause to be advertised, therapeutic goods if any of subsections 42DLB(2) to 42DLB(9) applies to the advertisement.
7. Subsection 42DLB(4) applies where the advertisement contains a restricted representation where no approval under section 42DF nor a permission under section 42DK is in force in relation to the restricted representation.
8. Subsection 42DLB(6) applies where the advertisement contains a statement, pictorial representation or design suggesting or implying that goods have been recommended or

approved by or on behalf of a government or government authority (including a foreign government or foreign government authority) other than in specific limited circumstances.

9. Subsection 42DLB(9) applies where the advertisement refers to a therapeutic good that is not entered in the Australian Register of Therapeutic Goods and is prescribed by the regulations for the purposes of that subsection. Regulation 7(i) of the *Therapeutic Goods Regulations 1990* (Cth) (**TG Regulations**) prescribes, for that purpose, therapeutic goods that are not subject to an exemption, approval or authority under the Act nor under regulations under the Act.
10. Section 42DL of the Act provides that it is an offence for a person to advertise, or cause to be advertised, therapeutic goods, if any of subsections 42DL(5) to 42DL(12) applies to the advertisement. Subsections 42DL(7), (9) and (10) are (respectively) in the same terms as subsections 42DLB(4), (6) and (9) above.
11. Section 42DMA(1) of the Act is a civil penalty provision. A person contravenes subsection 42DMA(1) of the Act if they advertise, or cause to be advertised, therapeutic goods and the advertisement does not comply with the *Therapeutic Goods Advertising Code (No.2) 2018* (Cth) (the **Code**). Section 42DM of the Act provides that it is an offence for a person to advertise, or cause to be advertised, therapeutic goods if the advertisement does not comply with the Code.
