Dear [Redacted]

**DEVICE INCIDENT REPORT DIR 23483 - Prosthesis, internal, joint, hip, femoral  
component/Eska Implants GmbH and Co**

We thank you for your recent correspondence concerning a problem experienced with the above device.

The information you provided has been entered into the Therapeutic Device Incident Reporting Database, where it will be evaluated against any previous incidents with the same or similar devices. We have also contacted the product sponsor requesting details of any similar reports.

This process may take some time, but be assured we will advise you of the final outcome of our investigations. However, should you have any queries in the meantime, please do not hesitate to contact us on (02) 6232 8695.

Thank you for your participation in the Medical Device Incident Report Investigation Scheme.

Yours sincerely
