Hi [redacted]  
How are you doing?

I have left a couple of messages for you on landline and mobile.

We are trying to get a Hazard Alert out for Bayer Essure. You mentioned at the teleconference last Friday that you were working on a recall letter and hazard alert letter. I was wondering where you were up to with that.

If you could call for a chat that would be great.

We have a teleconference with the NZ sponsor and Bayer Australia at 2pm NZ time (midday AEST) so if we could chat before then it would be helpful.

Thanks
