Question

Dear Senator,

I have a complaint to make against the Commonwealth Ombudsman's Department for refusing to accept there is a need to investigate the TGA - ACSOM for There is definitely A CONFLICT of INTEREST with the TGA- ACSOM & Drug Companies providing Grants.

1. The TGA has approved a "Medication" that has not been "Clinically Tested". It

is reported that these "Clinical Tests" won't be completed until the end of 2016 or 2017. Because of the lack of these Clinical Tests the FDA (USA), Canadian Health, UK Health & others have imposed a WARNING be placed on Chantix - Champix Labelling. Not required by the TGA even though it was recommended to the TGA in 2008.

2. The TGA & ACSOM Committee members have a Conflict of Interest. Accepting bribes, disguised as "Grants" from Pfizer & other drug companies for research.
3. The link is in the 24Mb + "Spread Sheets" supplied by the NHPA & NHMRC Files & Pfizer Web site.

They are not taking my complaint seriously, my only other recourse is to go public with what is happening within the TGA-ACSOM & Committee to approve drugs for the market & the PBS

What are you going to do about this situation?

Yours Sincerely
