Hi [REDACTED],

I just spoke to [REDACTED] about something else and [REDACTED] confirmed they're working on it, and that it does take time for the letter to be distributed. I think publication early next week, and talking about the letter being distributed will be best. Sounds like Medsafe will be publishing a link to the letter shortly.

Kind regards,
[REDACTED]

Yes that's fine thanks [REDACTED].

Would prefer to confirm that their communication has gone out so Monday will be ok.

Hi [REDACTED],

[REDACTED] has emailed and left a phone message with her Sanofi contact, but hasn't heard back.

Are you ok if we leave the update until Monday?

Kind regards,
