Subject: TGA fluoride advice - comments from Queensland

Attachments: image001.png
Regulation of fluoride used in drinking water.docx

Hi Tony

Sorry for the delay but I wanted to consult with my dental colleagues before responding. I have attached comments from [REDACTED] of Brisbane Dental Hospital. [REDACTED] is Queensland Health's principal fluoride guru, to whom I always defer on fluoride matters (other than with respect to our legislation and Code of Practice, which are my responsibility). If there are issues you need to take up with [REDACTED], I'm sure he will be very happy to help.

Â

And thanks very much for pursuing this troublesome issue, as I'm sure we will be able to respond much more meaningfully to our stakeholders once this issue is clarified.

Â

Regards

Â

Subject: Draft TGA web statement re regulation of fluoride used in water
[SEC=UNCLASSIFIED]

Â

Dear all

After significant internal discussion the TGA has drafted the attached web statement re the regulation of fluoride used in drinking water. Before we put it on our website I am circulating it to you so you are aware of what we will be saying and getting any comments you might have on it. As you will note it is not lengthy.

If any of you have the contact details of the appropriate people Â in SA, NSW and the ACT so I can send it to them it would be appreciated if you could provide them to me.

Regards

Tony
