Subject: Re: TGA CTN Tafenoquine

---

Zvonko,  
Faxed copy received and retrans to the US Army.  
All is well now at our end - they are happy to receive a certified copy  
snail mail "in time".  
Thanks for the help.  
Can you check on how our Section 19.5 activity is progressing with  
Tafenoquine treatment of Vivax malaria recurrences. We now have 10 people  
waiting TGA clearance before we can initiate treatment. I know it is not  
your area - but perhaps you could look around and see what the delay seems  
to be.  
Pete
