Dear Sir/Madam

CTN APPLICATION AND ENTERPRISE DETAILS - TAFENOQUINE

Please find attached the Clinical Trial of Drugs notification DSEB 8.3 and an application for an Enterprise ID Number from this Institute. The prescribed fee of \$200 is also enclosed.

It would be appreciated if the process could be expedited, as the completed acknowledgement needs to then be forwarded to representatives of the financial sponsor, the US Army. They are due to sit on 23 June 2000.

Thankyou in anticipation for you're timely consideration.

Yours sincerely

PETE NASVELD
Lieutenant Colonel
Research Officer / Principal Investiagator
Australian Army Malaria Institute
