Hi [REDACTED]

This is Hongxia Jin from the TGA.

[REDACTED]

As I mentioned during the teleconference the TGA is interested in participating in joint inspections with our international counterparts where feasible.

[REDACTED]

Can you please advise whether it would be possible for the TGA to send one inspector to participate in the above joint inspection, if we were able to obtain the overseas travel approval in time? If yes what skill set would you prefer in order to maximise our contribution to the inspection team?

Thank you and I look forward to receiving your advice soon.

Kind regards
Hongxia
