Document 111

Australian Government
Department of Health
Therapeutic Goods Administration

TGA use only

This form, when completed, will be classified as 'For official use only'.
For guidance on how your information will be treated by the TGA see: Treatment of information provided to the TGA at <https://www.tga.gov.au/treatment-information-provided-tga>.

Special Access Scheme – Category B

Important information

Email completed form to SAS@health.gov.au (preferred) or fax to 02 6232 8112.

The SAS Category B application form should be completed if guidance for use of an unapproved good will be met and the SAS Category A or SAS Category C pathways are not applicable.

Privacy information

For general privacy information, go to <https://www.tga.gov.au/privacy>.

The TGA is collecting personal information in this form in order to:

- Assess the application.
- Contact the medical practitioner and discuss the application where necessary.
- The personal information of the medical practitioner may be disclosed to State and Territory authorities with responsibility for therapeutic goods or medical practitioner registration.

Do not provide the name of the patient. Only provide the patient unit no. and other information as requested on this form.
Please complete the form clearly and fully. Applications that are illegible, incomplete or inaccurate will be returned.

Patient details (minimum of 3 (three) identifiers required)

[redacted]

Diagnosis(es) or Medical Condition(s):	Nonketotic hyperglycinaemia
Indication:	Nonketotic hyperglycinaemia
Clinical justification for use of product: (e.g. include seriousness of condition, details of previous treatment including reasons why a therapeutic good currently listed on the ARTG cannot be used for the treatment of this patient in this circumstance)	requiring combination of meds for mx of seizures

Product details (attach efficacy and safety data to support proposed use of the product and details of intended monitoring)
