Therapeutic Goods Administration

Therapeutic Goods Act 1989

Permission under subsection 42DK(2)

I, Andrea Kunca, Head, Office of Devices Authorisation, Therapeutic Goods Administration and delegate of the Secretary to the Department of Health for the purposes of section 42DK of the *Therapeutic Goods Act 1989* (the Act), and being satisfied that the representations the subject of this notice are necessary for the appropriate use of the relevant therapeutic goods, permit, under subsection 42DK(2) of the Act, the use on the label of the relevant therapeutic goods or in information included in the package in which the goods are contained, prohibited representations of the following kinds:

- (a) a representation containing a reference to the results of laboratory tests on micro-organisms;
- (b) a representation containing a reference to an effect against viruses of any of the kinds described in Column A of Table 1 below or viruses generally;
- (c) a representation containing a reference to an effect against *Mycobacterium tuberculosis* and related acid fast bacteria
- (d) a representation that is a prohibited representation under Part 1 of Appendix 6 to the Therapeutic Goods Advertising Code by reason of a reference to prevention of any of the matters referred to in Column B of Table 1 below.

The relevant goods are therapeutic goods that are *hospital grade disinfectant* or *household grade disinfectant*¹ that are on the Australian Register of Therapeutic Goods by reason of being registered under Part 3-2 of the Act.

Dated this 17 day of December 2014

Andrea Kunca
Delegate of the Secretary
Head, Office of Devices Authorisation

Note: It is an offence under subsection 22(5) of the Act for a person, by any means, to advertise registered therapeutic goods for indications that have not been accepted in relation to that registration and also a condition of registration

¹ Definitions of *hospital grade disinfectant* and *household grade disinfectant* can be found in regulation 2 of the Therapeutic Goods Regulations 1990.

Table 1
