We encourage you to spread the word about the MedSearch™ app by sharing one of the posts or images below with your social network.

Simply copy and paste one of our pre-prepared posts to your Facebook or Twitter, or download and share your favourite image from www.tga.gov.au/medsearch-app.

Help us keep Australians informed about their medicines.

Knowing my medicines is important for the safety of myself and my family. That's why I downloaded the #MedSearch app where I can find, store and share medicine safety information at any time.

My #MedSearch app lets me search, view and save my prescription medicine safety information from my phone #KnowYourMeds

I can access #medicine information anywhere, anytime from my smartphone with the #MedSearch app

I can find, keep & share #medicine information with the #MedSearch app. Do you #KnowYourMeds?

The #MedSearch app gives me quick, easy & efficient access to PI and CMI documents right from my mobile device #KnowYourMeds

We keep our patients and consumers informed about their medicines and tell them about the #MedSearch app. It gives them access to medicine information to save and share with their friends and family, all in one convenient spot.

I use the #Medsearch app to find, view & save Product Information on #prescriptionMeds easily #KnowYourMeds

Help patients & consumers keep on track with the #MedSearch app #KnowYourMeds
