Subject: Proposed Amendments to the Poisons Standard (Medicines) – Nicotine [SEC=No Protective Marking]
Date: Monday, 6 July 2020 1:43:05 PM
Attachments: [REDACTED] [public-submission-cover-sheet.pdf](#)

> To whom it may concern,
>
> Please note that I would like to make the following submission to have
> the poison standard amended to include nicotine in tobacco “prepared
> and packed for heating”. I'm making this submission because I lost a
> close family member who tried a number of ways to quick smoking, yet
> couldn't. Had less harmful alternatives be made available, then I
> honestly believe this wouldn't have been the case. My sister, now 42
> years old has been a smoker for 20 years. She also tried nicotine
> replacement therapies, even prescription medication (which worked for
> my mum), to no avail with my sister. When overseas she switched to an
> iqos and didn't smoke again for 3months while overseas. On return back
> to Australia in January, she commenced smoking again due to these
> products not being made available locally here.
>
> Please change this and save the many more people like my sister [REDACTED].
>
> Thank you
