To whom it may concern,

Please note that I would like to make the following submission to have the poison standard amended to include nicotine in tobacco “prepared and packed for heating”. I'm making this submission as a lot of my friends who continue to smoke cigarettes would like try alternatives that are less harmful (but provide a similar experience to make it easier to quit cigarettes). These alternatives (with clearly highlighted risks) should be made available so that they can at least be given a choice - one that they make for themselves.

Thank you
