> Please note that I would like to make the following submission to have  
> the poison standard amended to include nicotine in tobacco “prepared  
> and packed for heating”. I’m making this submission because I think  
> all smokers deserve to have a right to better alternatives. Majority  
> of the countries around the globe have already legalised this product  
> and I think Australia should not stay behind. If people can’t stop  
> smoking they should have a right to decide if they want to reduce  
> their exposure and switch to less harmful products.
