To whom it may concern,

Please note that I would like to make the following submission to have the poison standard amended to include nicotine in tobacco “prepared and packed for heating”.

I'm making this submission because vaping nicotine has been the only successful method Ive used to quick smoking for good! Ive tried many times before and used various methods from patches and gum to sprays and even Champix. I've been smoke free now for 2.7 years thanks to vaping nicotine.

Thank you
