---

To whom it may concern,

Please note that I would like to make the following submission to have the poison standard amended to include nicotine in tobacco “prepared and packed for heating”. Please consider regulation for the Heat, not burn products. I have family members that aren't able to quit smoking and they have been relying on these alternative options to reduce whatever health impacts they can. I also as a non smoker appreciate the greatly reduced impacts to second hand smoke with these Heat, not burn products.
