To whom it may concern,

Please note that I would like to make the following submission to have the poison standard amended to include nicotine in tobacco “prepared and packed for heating”. I am making this submission as I feel everybody has the right to make their own decision on what alternative products they can use to continue smoking but for some reason the Australian law is preventing my family and friend from having access to these products which I feel is taking away a persons rights.

Regards,  
Randolph Morgan
