Submission to TGA – Reclassification of Homeopathic Medicines

I have used Homeopathic medicines for myself and my family for the last 40 years. They are an important part of my healthcare and I have experienced first hand the benefits of Homeopathy.

It is important that I have access to Homeopathic medicines and be able to choose my own form of adjunctive healthcare.

I SUPPORT OPTION 1 (the current classification which does not restrict access to homeopathic medicines).

I AM STRONGLY NOT IN FAVOUR OF OPTION 4 (the re-classifying of homeopathic remedies as non-therapeutic).
