**Re Homeopathic Medicines Reclassification.**

I wish to appeal that we continue to have access to homeopathic medicines in Australia, and assert my right that I am able to choose my own form of adjunctive healthcare and make it clear that I SUPPORT OPTION 1, (the current classification which does not restrict access to homoeopathic medicines) and am STRONGLY NOT IN FAVOUR OF AND TOTALLY REFUTE OPTION 4 (the re-classifying of homoeopathic remedies as non-therapeutic). I think it would be a travesty if we were unable to purchase Homoeopathic medicines in Australia, or see a homoeopath who is able to prescribe them to us. Homeopathic medicine has helped me with depression and other ailments, is fantastic for when my children get a bump or scratch, it is totally safe and effective – an age old medicine.

Kind Regards
