

I wish to continue to have access to homeopathic medicines in Australia, and to be able to choose my own form of adjunctive healthcare. I SUPPORT OPTION 1, (the current classification which does not restrict access to homoeopathic medicines) and are STRONGLY NOT IN FAVOUR OF OPTION 4 (the re-classifying of homoeopathic remedies as non-therapeutic).

I have great success for my family with using homeopathy. It is a wonderful gift for our society to continue to use and benefit from.
