

**HEALTH DEPARTMENT: TGA  
RE: SUBMISSION RE HOMEOPATHIC PRODUCTS**

**As a naturopath, homeopathic products are one of my remedies for prescription. I support Option1. Any change in regulation will act as a 'restraint of trade" for my business as defined in the Commonwealth Constitution. Therefore I submit that to change categorization of these remedies which have proven their efficacy in over 150 years of use, would fundamentally violate provisions of the Constitution which protect my right to run a business.**

**Regards,**
