

Submission to the TGA

10/05/17

To whom it may concern,

Homeopathy does work. My family and I have been using it for many years with amazing positive results for our health and wellbeing. Do not take away the right to keep our family and community healthy.

The TGA's role is to protect public safety, not to make value judgements on faulty evidence.

As Homeopathy is the safest option of any medicine available, I and the wider homeopathic community strongly support Option 1 and/or Option 2.

To protect my rights, and access to homeopathy I strongly oppose Option 3 and Option 4.
