

Therapeutic Goods Administration

To whom it may concern

In support of maintaining availability as it is in Australia for Homeopathic remedies

I agree with Option 1 and 2 and strongly disagree with Options 3 and 4.

I have been using Homeopathic remedies for 2 decades and they have been invaluable for mine and my family's health and especially my pets on numerous occasions. Whenever i travel i always take my little first aid kit with me. I think it is extremely important that we have availability and choice regarding this.
