

Hi there,

On behalf of the staff at Go Vita Ocean Grove Health Foods, we strongly **agree** on the following options to be considered regarding homeopathy medicine: Option 1 And 2.

However, we strongly **disagree** with options 3 and 4, and our ongoing list of customers who purchase homeopathic would strongly disagree with these options as well.

Please consider Australian consumers and health foods stores who use homeopathic medicines every day. We have so many testimonials about how these medicines have **helped** with illnesses from people around the country.

Kind regards,

**Go Vita Ocean Grove Health Foods**
